Other Touch Tone Wagering Codes

Press the star key (*) and then the pound key(#) for a list of all available options, including available Tracks, Races, Wager Types and Runners(horse). You will be given the numeric code for each available option as listed above.

If you simply pause before responding to any of the option prompts, the system will automatically read the appropriate options/codes to you.

End each entry by pressing the pound key (#).

To hear a menu (list of options) again, press #8.

Press only the # (pound) key to return to the previous menu.

To select ALL Runners, press #9 twice (99)

To play more than one horse in a leg of a wager, separate the horses with the (*) key.

To separate legs in a multi-leg wager, press the star key twice (**).
